
Chapter 4

STRUCTURAL INSULATED PANELS

Listing by BCAR

Structural insulated panels are listed under a service designated as *Listing by Building Components Acceptance Report (BCAR)*. The products in this chapter are panels commonly known as *sandwich panels* consisting of interior and exterior sheathing material adhesive-laminated to rigid foam core. The description of product(s) or construction and information are referenced in the current BCAR. The PFS certification mark and/or NER-QA251 identified on the PFS stamp on the said product(s) is evidence that the manufacturer is under contract for trademarking and follow-up inspection service. Structural insulated panels are tested for conformance with ASTM standards, government standards, and model building codes and/or PFS specifications.

Note: Where a superscript number 1, 2 or 3 (^{1,2,3}) appears after the client's listing in the following pages, please refer to Page 2 of the Table of Contents for a written explanation.
